

**Academy Child Development Center (Cold Spring)**  
**Infant-Toddler Room Newsletter**  
**September 20010**

**Dear Parents,**

We would like to welcome you to the new school year. We would especially like to welcome Dean, Theia, Ashton, and their families to our Infant-Toddler room since joining this summer. We hope our babies had a wonderful few months and are still thoroughly enjoying the warm weather. They seem to be enthusiastic in their observation of the outdoor environment and love to watch the mobile babies walk around on the deck. We will continue to do outdoor activities with them as much as possible while the weather permits.

Our babies are very active in unique ways as they continue to grow fast. To compliment them, we have designed our curriculum to enhance these children's progress in the areas of physical, social, emotional, and cognitive development. As we apply our curriculum, we try to reinforce developmentally appropriate practices for everyone while giving attention to the individual needs of each child.

Another important element that makes our environment very effective is the communication between parents and caregivers. The proper care of young children depends on the co-operation, understanding, and support shared between you and us on a daily basis. Please remember that you are always welcome to enquire about your child at our center.

We are glad to have you all as a part of our Academy family and are looking forward to spending the upcoming school year with you.

Sincerely,

**Saoda, Anne, and Chang**

*Note: Date(s) to Remember –August 26<sup>th</sup> and 27<sup>th</sup> – Professional Day at ACDC.*
