The Adventurers will also spend lazy afternoons at the pool and when they are on site, they will have their choice of exciting clubs including sports, games, cooking, or arts & crafts projects.

COUNSELOR IN TRAINING

For students who have completed 7th-9th grades The CIT program was developed to provide an opportunity for MCPS students to earn Student Service Learning (SSL) hours required for graduation. This program builds leadership skills and provides opportunities for emergent leaders to be positive role models for elementary school children. To request a CIT packet, please send an email to tripsanddips@gmail.com.
